GOVERNOR OF MADRAS

GOVERNMENT HOUSE.

My dear Campbell.

Delighted of course to talk over the matter you mention in yr. letter.
My movements are as follows — I leave here on Sunday 24th inst: for Madras where I shall be a fortnight & then go to Colombo to meet my lady & shall be back here till about August 23rd.
If it will be any convenience to you I'll be delighted to put you up here whenever you come, either during next week or after August 23.
You seem to be getting near a settlement, & the question of the tribute payment seems to be kept out of the way: a good.
My general inclination would be to close with the offer even though it were not all you expected.

GOVERNMENT HOUSE.

My darling it had we known yet what in this world !! But I can't without reference remember all the back you will refresh my mind.
My kindest regards to His Highness. I wish he was here & hunting. We are having great sport, & the weather now is really 'monsoon'.

Yours
Willingdon
